

School Activities 2014

School Activities

Swimming takes place at Phoenix Leisure Centre on a Monday afternoon and all children are given the opportunity to swim during the year. To enable us to offer this activity parents are asked to make a small voluntary contribution towards the cost of the pool hire.

KS2 children are encouraged to join our sports clubs and take part in local inter-school competitions. Other extra-curricular activities offered during the year include; Football, Netball, Cricket, Cross Country, Rounders, Sewing Club, Games Club, KS1 Gym Club and Samba/choir Club.

Breakfast Club takes place daily from 8:00 to 8:45 where the children receive a nutritional meal for the cost of £2.30

A residential visit is offered to all Year 5 and Year 6 pupils. We try to keep the cost of these as low as possible and offer facilities for parents to pay with several installments. Any parents entitled to free school meals can approach the school for assistance in meeting the cost. Full details of parents entitled to assistance with costs can be obtained from the office and are included in the residential letter.

Monitoring pupils' progress and attainment

Each teacher plans their work according to the needs and abilities of the children in their class. They continuously assess them by talking to the children, marking procedures, testing, observing and asking questions and will adjust their planning accordingly. We strive to involve both pupils and parents in this progress so that they are aware of the child's current progress and targets.

Staff track individual pupil progress on SPS and pupils' progress is shared with parents termly. A copy of the full assessment policy is available on request.
