Thank you so much for taking the time to complete your annual pupil surveys. Your thoughts and ideas are really important to us, and they help us make our school an even better place for everyone.

It's fantastic to see that most of you feel happy at school and enjoy your learning. Many of you mentioned a wide range of subjects that you love – from maths and science to art and PE – and it's great to know that you're finding your lessons interesting and enjoyable.

We know that as you move up through the school, your learning becomes more challenging. It's brilliant to hear that you're rising to that challenge and using the strategies we've taught you when you get stuck. This shows how well you're using the skills from our *Visible Learning* approach. We're also really pleased that our *Thinking Matters* journey is helping you to become more confident, independent learners. The Thinking Frames and learning language you've been using are helping you to think more deeply and explain your ideas clearly – and we'll keep building on this next year.

Thanks to your ideas and the amazing support from our Friends of WHA, we've been able to buy new equipment like the Playground Climber and glockenspiels. These are things you asked for, and it's great to see you enjoying them. We were also lucky to receive a grant from Tesco, which means our garden will be improved over the summer holidays. Although we didn't get the National Lottery grant this time, we're not giving up – we'll keep looking for other ways to fund more improvements to the garden next year.

We're really proud of how well our *Positive Relationships and Behaviour Policy* is working. You've told us that you feel respected and supported, and that you enjoy our weekly Celebration Assemblies. The new *Golden Table* on Fridays has been a lovely way to celebrate those of you who go 'above and beyond'. We also hope you've enjoyed the raffle prizes and special opportunities organised by last year's Vision and Values Pupil Parliament group. We're looking forward to finishing the rest of those activities – like the tea party – before the end of term!

Some of you mentioned that you'd like more ideas and support for home learning and school projects. That's really helpful feedback, and we'll be thinking carefully about how we can improve this next year. Your suggestions will help us make learning at home more fun and meaningful.

Thank you again for your honesty, your ideas and your enthusiasm. You are what makes our school such a special place.
