Year 3 Homework Main concept focus: History Summer 1 Stone age to Iron age

Each week the children choose one learning activity from below and record into your home learning books. How the children research or present their findings is entirely up to them. They can use computers, books, observation, questioning or experimenting; draw, paint, write or build. The only requests are that the work be carefully and attractively presented and that children don't copy out screens from books or the internet. Throughout the week we set aside some class time for sharing the homework. Your support while your child is doing their homework is greatly appreciated but please do not be tempted to do it for them. The important things are that your child enjoys what they are doing, discovers something new and practises learning independently.

Your child should also read daily, practise spellings within their homework book and learn the statutory list for Y3/4 (some may still be working on Y1 and 2 spellings). They need to learn multiplication / division tables for their Around the World Maths Assessments. Thank you for your continued support. TTRockstars can also be complete as a piece of math homework. Passwords for J2E and TTRockstars inside of homework book. Year 3/4 spelling also inside of HW book.

Please bring homework books in for a Wednesday to be marked and returned by Friday. Larger homework projects/ computer based project can be brought in at any time and will be shared at the end of a day with the class.

1 Dojo Home Learning Point You have completed your home learning and made some effort. We would like to see more consideration over the content

2 Dojo Home Learning Points This is good home learning; you've clearly put some thought into it and put a sensible amount of time into your learning

3 Dojo Home Learning Points Very impressive learning! You must have put lots of thought and effort into this learning and it's clear that you enjoyed doing this.

and /or presentation of your learning Maths LI: To measure LI To measure the length **Next door numbers** Footsteps in the snow of items to nearest cm and length in cm and LI = mm mm. (Learning Take ten cards numbered 0 to 9 Little has size 2 boots Can you use a Measure the length of Intention) ruler to measure your arm span, Middle has size 3 boots the length of 5 circumference of you They are one and a half times t chosen items? head, length of leg, height. length of Little's boots. List the items and Are there any patterns or Big has size 5 boots. the measurement links when you compare A little boot and a middle boot in cm or mm these measurements? are the same length as a big boot They start with the heels of neir boots on the same line Do it so that no two consecutive numbers are next to each other, horizontally, vertically or diagonally There are lots of ways to do it. They each walk heel to toe. When will all three heels be in line again? **English** LI: To write a LI: To write a diary entry LI: To be able to apply spellings (including book review. pretending to be from topic words) Write a set of instructions based on a stone age Can vou write a either the stone age, Choose at least 5 words that you are activity e.g. making tools, how to hunt or catch book review or a bronze age or iron age. In learning at the moment and use them fish, how to make a fire. recommendation your entry describe a each in a sentence. Can you write a for a book that typical day for your sentence containing all 5 chosen words? vou have recently character read. What did vou like and not like about the hook? LI To Create a LI Research the daily life LI To research pottery throughout the **Topic** LI Make a timeline of the stone of each time and stone age to iron age. What were the Stone age age to iron age. stone compare to modern simularaties of how they were made? to Iron age/bronze What were the differences? day. age/iron age age fact file Science, Art: Make a Science: Find out Science: Research how to look PSHE: Design a Art: create a cave Art, PSHE about the human after your teeth. What foods poster about painting. Research stone age skeleton. What should you avoid? How should "Turn it of and cave paintings and round house interesting facts can you brush your teeth? lets play" and recreate one of using you find out? how to have a your own. materials of healthy balance your choice. with technology.

Essential Home Learning:

- Know your multiplication facts for 2/3/4/5/8/10
- Be able to spell in words numbers to 100
- Be able to spell all the words from the Year One and Two list

Read every day, on some days compared to the second s	lete a reading menu activity and record in your yellow reading record c	or your home learning book.
Enjoy!
